

**INNOVATIVE  
CHEMICAL  
CORPORATION**

7769 95th Street South  
Cottage Grove, MN 55016

## SAFETY DATA SHEET

**Revision Date:** 5/26/2015

**Emergency Phone:** 1-800-535-5053 (Infotrac)

### Section 1: Identification

**Product Name:** Wood Floor Cleaner

**Code:** 98PWD00

**Chemical Type:** Liquid

**Manufacturer/Supplier:**

Innovative Chemical Corporation  
7769 95th Street South  
Cottage Grove, MN 55016  
651-649-1762

### Section 2: Hazard(s) Identification

#### United States (US)

According to OSHA 29 CFR 1910.1200 HCS

**Classification of the substance or mixture:**

Not classified

#### Label elements

**Signal word:** Warning

**Hazard statements:** Irritant (skin and eye)

#### Precautionary Statements

Use protective gloves and goggles.  
Causes skin irritation.

### Section 3: Composition/Information on Ingredients

**Substance or mixture:** Mixture

**Other means of identification:** Not available.

Hazardous Components		
Chemical Name	%weight	CAS number
None	-	-

Any concentration shown as a range is to protect confidentiality or is due to batch variation.  
There are no additional ingredients present which, within the current knowledge of the supplier

and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section. Occupational limits, if available are listed in Section 8.

### Section 4: First-Aid Measures

#### Description of first aid measures

<b>Inhalation</b>	Breathing of mists may cause irritation. Remove to fresh air. Give artificial respiration or oxygen if needed.
<b>Skin</b>	Extended contact may cause irritation or defatting. Wear protective gloves if necessary. Flush skin with water for 15 minutes. Get medical attention for any irritation.
<b>Eyes</b>	Can cause irritation. Wear goggles as needed. Flush immediately with water for 15 minutes. Get prompt medical attention if needed.
<b>Ingestion</b>	May cause a mild gastric disturbance. Drink lots of water or, preferably milk or juices. Do not induce vomiting. Get medical attention if effects persist.

#### Indication of any immediate medical attention needed

<b>Notes to Physician</b>	None
---------------------------	------

See toxicological information (Section 11)

### Section 5: Fire-Fighting Measures

#### Extinguishing media

<b>Suitable extinguishing media</b>	Water fog, foam, alcohol foam, CO2 dry chemical
<b>Unsuitable extinguishing media</b>	None known.
<b>Special Firefighting procedures and hazards</b>	Minimize prolonged skin and eye contact. Wear eye protection if exposure is likely.

### Section 6: Accidental Release Measures

#### Personal precautions, protective equipment and emergency procedures

<b>Non-emergency personnel</b>	No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment.
<b>Emergency responders</b>	If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".

#### Environmental precautions

Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

**Methods and material for containment and cleaning up**

<b>Small spill</b>	May be flushed into normal drainage or into ground with copious amounts of water, or taken up with absorbent material.
<b>Large spill</b>	Contain by diking or other methods. Hold for disposal or reuse.

**Section 7: Handling and Storage****Conditions for safe storage, including any incompatibilities**

Check daily for leaks from containers, vessels, pumps and piping. Product may be disposable in sewers if local regulations permit. Otherwise send to a licensed treatment facility. Rinse empty containers well before handling and disposal. Observe label precautions.

**Section 8: Exposure Controls/Personal Protection****Individual protection measures**

<b>Hygiene</b>	Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location.
<b>Respiratory</b>	Use a properly fitted, air-purifying or air-fed respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.
<b>Eyes/Face</b>	Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: safety glasses with side- shields.
<b>Hands</b>	Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.
<b>Skin/Body</b>	Appropriate footwear and any additional personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

**Section 9: Physical and Chemical Properties**

<b>Physical state</b>	Liquid
<b>Color</b>	Clear
<b>Odor</b>	None Added
<b>Odor threshold</b>	Not available
<b>pH</b>	6
<b>Melting Point</b>	Not available
<b>Boiling Point</b>	212°F
<b>Flash Point</b>	>200°F TCC

<b>Evaporation rate</b>	Not available
<b>Flammability (solid, gas)</b>	Not available
<b>Lower and upper explosive (flammable) limits</b>	Not available
<b>Vapor pressure</b>	Not available
<b>Vapor density</b>	Not available
<b>Relative density</b>	Not available
<b>Solubility</b>	Complete
<b>Partition coefficient: n-octanol/water</b>	Not available
<b>Auto-ignition temperature</b>	Not available
<b>Decomposition temperature</b>	Not available
<b>Viscosity at 25°C</b>	<25 cps (Brookfield)

## Section 10: Stability and Reactivity

**Reactivity** No specific test data

**Chemical stability** Stable

**Incompatibility** Strong oxidizing agents.

**Hazardous decomposition products** If in a fire: CO, CO<sub>2</sub> and hydrocarbons.

**Hazardous Polymerization** Does not occur.

## Section 11: Toxicological Information

### Information on toxicological effects

**Acute toxicity**

Not available

**Irritation/Corrosion**

Not available

**Sensitization**

Not available

**Mutagenicity**

Not available

**Carcinogenicity**

Not available

**Reproductive toxicity**

Not available

**Teratogenicity**

Not available

**Specific target organ toxicity (single exposure)**

Not available

**Specific target organ toxicity (repeated exposure)**

Not available

**Aspiration hazard**

Not available

**Information on the likely routes of exposure**

**Routes of entry anticipated:** Skin, eyes.

**Potential acute health effects**

**Eye contact:** May cause irritation.

**Inhalation:** May cause irritation.

**Skin contact:** Extended contact may cause irritation or defatting.

**Ingestion:** May cause mild gastric disturbance.

**Symptoms related to the physical, chemical and toxicological characteristics**

**Eye contact:** No specific data.

**Inhalation:** No specific data.

**Skin contact:** No specific data.

**Ingestion:** No specific data.

**Delayed and immediate effects and also chronic effects from short and long term exposure**

**Short term exposure**

**Potential immediate effects:** Not available.

**Potential delayed effects:** Not available.

**Long term exposure**

**Potential immediate effects:** Not available.

**Potential delayed effects:** Not available.

**Potential chronic health effects**

Not available

**General:** No known significant effects or critical hazards.

**Carcinogenicity:** No known significant effects or critical hazards.

**Mutagenicity:** No known significant effects or critical hazards.

**Teratogenicity:** No known significant effects or critical hazards.

**Developmental effects:** No known significant effects or critical hazards.

**Fertility effects:** No known significant effects or critical hazards.

**Section 12: Ecological information**

**Toxicity**

Not available

**Persistence and degradability**

Not available.

**Bioaccumulative potential**

Not available

**Mobility in soil****Soil/water partition coefficient (K<sub>oc</sub>):** Not available**Other adverse effects:** No known significant effects or critical hazards.**Section 13: Disposal considerations****Waste disposal**

The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Care should be taken when handling emptied containers that have not been cleaned or rinsed out. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

**Section 14: Transport information**

Regulatory info	UN number	Proper shipping name	Classes	PG	Environmental hazards	Additional info
DOT Classification	Not regulated	-	-	-	No	-
TDG Classification	Not regulated	-	-	-	No	-
Mexico Classification	Not regulated	-	-	-	No	-
ADR/RID Class	Not regulated	-	-	-	No	-
IMDG Class	Not regulated	-	-	-	No	-
IATA-DGR Class	Not regulated	-	-	-	No	-

**Special precautions for user:**

**Transport within user's premises:** always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

**Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code:**

Not available

## Section 15: Regulatory information

**U.S. Federal regulations**                      **TSCA 8(a) CDR Exempt/Partial exemption:** Not determined  
**Clean Water Act (CWA) 311:** Not determined

**Clean Air Act Section 112(b)  
Hazardous Air Pollutants  
(HAPs)**    Not Listed

**Clean Air Act Section 602  
Class I Substances**    Not Listed

**Clean Air Act Section 602  
Class II Substances**    Not Listed

**DEA List I Chemicals  
(Precursor Chemicals)**    Not Listed

**DEA List II Chemicals  
(Essential Chemicals)**    Not Listed

**SARA 302/304  
Composition/information on ingredients**  
No products were found

**SARA 304 RQ**  
Not applicable

**SARA 311/312  
Classification  
Composition/information on ingredients**  
No products were found.

### State regulations

**Massachusetts:** None of the components are listed.

**New York:** None of the components are listed.

**New Jersey:** None of the components are listed.

**Pennsylvania:** None of the components are listed.

### International regulations

**Chemical Weapon Convention List Schedules I, II & III Chemicals**  
Not listed

**Montreal Protocol (Annexes A, B, C, E)**  
Not listed

**Stockholm Convention on Persistent Organic Pollutants**

Not listed

**Rotterdam Convention on Prior Inform Consent (PIC)**

Not listed

**UNECE Aarhus Protocol on POPs and Heavy Metals**

Not listed

**International lists:**

- Australia:** Not determined.
- Canada:** Not determined.
- China:** Not determined.
- Europe:** Not determined.
- Japan:** Not determined.
- Malaysia:** Not determined.
- Korea:** Not determined.
- New Zealand:** Not determined.
- Philippines:** Not determined.
- Taiwan:** Not determined.

**Section 16: Other information**

**Hazardous Material**

**Information System (U.S.A.):**

<b>Health</b>	<b>1</b>
<b>Flammability</b>	<b>0</b>
<b>Physical hazards</b>	<b>0</b>

Caution: HMIS® ratings are based on a 0-4 rating scale, with 0 representing hazards or risks, and 4 significant hazards or risks. Although HMIS® ratings are not required on SDSs under 29 CFR 1910.1200, the preparer representing may choose to provide them. HMIS® ratings are to be used with a fully implemented HMIS® program. HMIS® is a registered mark of the National Paint & Coatings Association (NPCA). HMIS® materials may be purchased exclusively from J.J. Keller (800) 327-6868.

The customer is responsible for determining the PPE code for this material.
