

# BIOCLEAN

## ENZYME FLOOR CLEANER

### DATA SHEET

#### Product Description:

BioClean is a general floor cleaner combined with a highly concentrated biological degrader. BioClean cleans the floor and removes hard to access organic material all in one step. After mopping, the unused mop water is poured into each drain to remove small fly breeding site, reduce drain odors, and improve the flow in slow drains.

#### Features:

- General floor cleaner combines with a highly concentrated biological degrader.
- Removes hard to access organic material and small fly breeding sites. Reduces drain odor and improves flow in slow drains.
- All raw materials used for production undergo a thorough quality control process before being used for manufacturing high quality products.

#### Directions:

1. Sweep floor to remove any loose debris.
2. Dilute BioClean at 1-2 oz per gallon of warm or cold water. DO NOT dilute with hot water.
3. Mop or flood the floor with diluted cleaner so as to saturate the entire floor.
4. Allow diluted cleaner to dwell for at least 5 minutes until the solution has had enough time to penetrate the soil.
5. Scrub floor with a deck brush or other stiff bristled brush.
6. Squeegee remaining water into the floor drain. DO NOT RINSE. Allow to air dry.

#### Specifications:

Color:	Fluorescent Green	55 Gallon Pail	Item# 98PBC55
Odor:	Lemon	30 Gallon Pail	Item# 98PBC30
pH:	7	5 Gallon Pail	Item# 98PBC05
Physical State:	Liquid	4x1 Gallon Bottles	Item# 98PBC0G

#### Available In:

#### First Aid:

Inhalation: Remove to fresh air. Skin: Wash with soap and water. Eyes: Flush with water for 15 minutes. Internal: If ingested, drink large amounts of water or milk. Seek medical attention promptly. In all cases, seek a physician if irritation persists.

#### Storage:

Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials, food and drink.
