

# MIRAGE

## 21% DURABLE HIGH SPEED FLOOR FINISH

### DATA SHEET

#### Product Description:

Mirage is a unique blend of Acrylic Polymers that provides exceptional floor finish performance features- excellent resistance to dirt, scuff and black heel markings. Mirage is not easily removed with aggressive cleaners. It's unique toughness enables it to outlast it's competition in a variety of applications, including excellent gloss retention where High-Speed buffing is less frequent. Mirage is recommended for use on all types of resilient tile, linoleum, terrazzo, quarry tile or sealed wood. Apply over appropriate floor sealer, either MVP (sealer) or Tuf-Kote (high solid acrylic sealer) as directed.

#### Features:

- Excellent resistance to dirt, soil and is virtually impervious to black heel marks and scuffing.
- All raw materials used for production undergo a thorough quality control process before being used for manufacturing high quality products.

#### Directions:

1. Floor must be cleaned and free of any other floor maintenance products, either stripper or finish. If floor is old and porous, apply Tuf Kote as a sealer first according to directions. Sealer must be dry before applying Mirage.
2. With a clean mop or applicator, apply 2-3 coats of finish (wait for drying between coats).
3. With finish completely dry, buff with High-Speed buffer if desired.

#### Maintenance/Restore/Recoat:

1. Always dust mop prior to cleaning or stripping. Use scraper to remove gum, labels, tapes or dirt deposits.
2. Mop or auto scrub floor with Quantum or Restorz according to directions.
3. When floor is dry, buff with hi-speed buffer to obtain desired shine. Apply 1-2 coats of Mirage to clean/dry floor.

#### Stripping:

1. Mirage is easily removed with Hot Shot or Zap fast penetrating stripper when used as directed.
2. Always clean floor with Quantum or fresh water prior to applying sealer or finish.

**Specifications:**

Color: White  
Odor: None Added  
pH: 8.7  
Physical State: Liquid

**Available In:**

55 Gallon Pail Item# 98PMI55  
30 Gallon Pail Item# 98PMI30  
5 Gallon Pail Item# 98PMI05  
4x1 Gallon Bottles Item# 98PMI0G

**First Aid:**

Inhalation: Remove to fresh air. Skin: Wash with soap and water. Eyes: Flush with water for 15 minutes. If irritation persists, consult physician.  
Internal: If ingested, drink large amounts of water, do not induce vomiting. Seek medical attention promptly.

**Storage:**

Keep from freezing. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area.
