

DATA SHEET

FABRIC SOFTENER FRESH SCENT

Product Description:

Combines cleaning power with a full strength fabric softener to give you a fresh, clean wash while softening fabric and controlling static cling. Reduces wrinkling, making ironing easier, and balances the pH of your laundry, reducing the possibility of skin irritation.

Specifications:

Color: Pink
Odor: Fresh
pH: 8
Physical State: Liquid
Dilution: RTU

Available In:

55 Gallon Drums	Item# 98PFS55
15 Gallon Drums	Item# 98PFS15
05 Gallon Pails	Item# 98PFS05

Directions:

Automatic Washers: Add 1/2 to 1 oz. per 10 pounds of clothes at the start of the deep rinse cycle depending on the degree of softness desired. Or, when machine stops, re-set to deep rinse, then add softener. **Machines with Automatic Dispensers:** Dilute Fabric Softener 1:2 with water. **Fine Fabrics By Hand:** Add 1/8 to 1/4 oz. of Fabric Softener to rinse water. **Note:** Bluing, bleach, starch, or packaged water softener shouldn't be added to same rinse cycle as Fabric Softener. Always add Fabric Softener to rinse water- DO NOT pour on fabrics. Safe for all washable fabrics.

First Aid:

In case of contact: Skin: Wash with plenty of water for 15 minutes. Remove contaminated clothing and wash before reuse. Eyes: Immediately flush with large quantities of water, holding eyelids open for at least 15 minutes. Seek immediate medical attention. Ingestion: Give large quantities of water. DO NOT induce vomiting. If vomiting occurs spontaneously, keep head lower than lungs to prevent aspiration of chemical into lungs. Call a physician immediately. Never give anything by mouth to an unconscious person. Inhalation: Remove to fresh air. In all cases, seek medical attention if irritation persists.

Storage:

Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials and food and drink. Use appropriate containment to avoid environmental contamination. Keep container tightly closed and sealed until ready to use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.
