

ALKALINE BEER LINE CLEANER—FLUID LINE CLEANER

Product Description:

Perfect for removing hard beer stone and other mineral build-up in any beer hose that has clogged or caused the beer to lose taste.

- Ideal for beer stone, biomass and other mineral deposits commonly found in beverage lines. Works well for beer coils, keg couplers and faucets.
- All raw materials used for production undergo a thorough quality control process before being used for manufacturing high quality products.

Specifications:

Color:	Clear
Odor:	None Added
pH:	14
Physical State:	Liquid

Available In:

05 Gallon Pails	Item# 98PAB05
4X1 Gallon Bottles	Item# 98PAB0G
12XQTS Bottles	Item# 98PAB0Q

Directions:

1. Place water in container of CO2 pot.
2. Add 1/2 oz. cleaner per 2 quarts of water (1 oz. per gallon).
3. For heavy build up, use 4-6 oz. cleaner per gallon of water.

Contains Potassium Hydroxide and Sodium Hydroxide.

First Aid:

In case of skin contact, flush with water for 15 minutes followed by a vinegar wash. In case of eye contact, wash immediately with 5% boric acid solution or flush with water for 15 minutes. If swallowed, DO NOT induce vomiting. Immediately give vinegar, lemon juice, or grape juice by mouth followed by milk, raw eggs, or milk of magnesia. Follow that with olive oil and call a physician.

Storage:

Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials and food and drink. Use appropriate containment to avoid environmental contamination. Keep container tightly closed and sealed until ready to use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.
