#### **Directions:**

## First Aid:

General advice:

Move out of dangerous area.

If inhaled: If unconscious place in recovery position and seek medical advice.

If symptoms persist, call a physician.

In case of skin contact: Wash off immediately with plenty of water for at least 15 minutes. 2 / 10 If on clothes, remove clothes. If skin irritation persists, call a physician.

In case of eye contact: Small amounts splashed into eyes can cause irreversible tissue damage and blindness.

Remove contact lenses. Protect unharmed eye. Rinse immediately with plenty of water for at least 15 minutes. If eye irritation persists, consult a specialist.

If swallowed: Keep respiratory tract clear. Never give anything by mouth to an unconscious person. If symptoms persist, call a physician.

DO NOT induce vomiting unless directed to do so by a physician or poison control center. Take victim immediately to hospital.

#### Storage

Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials and food and drink. Use appropriate containment to avoid environmental contamination. Keep away from oxidising agents and strongly acid or alkaline materials. Keep container tightly closed and sealed until ready to use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.
