

PINE CLEANER—ALL PURPOSE

Product Description:

Pine Cleaner is your ideal choice when selecting a product for daily maintenance of finished hard surfaces. Its gentle formula enhances shine rather than dulling or discoloring your finished surface. Pine Cleaner is a concentrated solution of surfactants, emulsifiers and chelating agents that is ideal for quick and thorough removal of soil and dirt from floors, walls, table tops and many other surfaces.

Features:

Enhances shine. Will not dull or discolor finished surfaces. A concentrated solution of surfactants, emulsifiers and chelating agents that is ideal for quick and thorough removal of soil and dirt from floors, walls, table tops and many other surfaces. All raw materials used for production undergo a thorough quality control process before being used for manufacturing high quality products.

Specifications:

Color:	Green
Odor:	Pine
pH:	12
Physical State:	Liquid

Available In:

05 Gallon Pails	Item# 98PPN05
4X1 Gallon Bottles	Item# 98PPN0G
30 Gallon Pails	Item# 98PPN30
55 Gallon Pails	Item# 98PPN55

Directions:

For mopping of finished tile and other floor surfaces: Dilute 1-2 ounces of Pine Cleaner to one gallon of water depending on severity of soiling.

For spray cleaning: Use Pine Cleaner in a spray bottle at a dilution of 1:6 with water to clean discolorations and other deposits from walls, table tops, and many other surfaces.

First Aid:

If contact with eyes occurs, flush with water for 15 minutes. If contact with skin occurs, wash with plenty of water. If swallowed, drink large quantities of water. DO NOT induce vomiting.

Storage:

Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials and food and drink. Store locked up. Separate from acids. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.
