

BLUE MAX-CHLORINATED DEGREASER

Product Description:

Blue Max Chlorinated Degreaser is formulated with sodium hypochlorite to provide fast cleaning action, quick protein removal and de-staining of white-plastic cutting boards and counter surfaces. High alkalinity in the formula provides extra heavy duty cleaning and degreasing power for extremely tough jobs that require extra strength. The buffered alkaline components react with fats to emulsify, suspend, and remove fatty soils, greases, oils, and carbonized soils. Specially selected foam builders extend cleaner contact time. Animal fats, grease and blood roll away with a quick rinse. Leaves no residue on floors or equipment. Safe to use on aluminum, galvanized, and stainless steel. Concentrated, this product can be diluted up to 100 parts with water for greatest economy.

Features:

Provides fast cleaning action, quick protein removal and de-staining. High alkalinity provides extra heavy duty cleaning and degreasing for extremely tough jobs. Simple two product system cleans and sanitizes.

Specifications:

Color:	Blue
Odor:	Chlorine
pH:	14
Physical State:	Liquid

Available In:

5 Gallon Pails	Item# 98PBM05
30 Gallon Pails	Item # 98PBM30
55 Gallon Pails	Item# 98PBM55
4x1 Gallon Bottles	Item# 98PBM0G

Directions:

GENERAL CLEANING OF FLOORS, WALLS AND OTHER SURFACES: Dilute 6oz of Blue Max Chlorinated Degreaser per gallon of hot water. Apply to surface using mop, sprayer, sponge or cloth. Agitate with abrasive pad or brush to remove heavy accumulations of vegetable oil, animal fat and grease. Thoroughly rinse cleaned surface.

TO CLEAN UTENSILS, FILTERS, AND EQUIPMENT PARTS: Dilute 4-6oz of Blue Max Chlorinated Degreaser per gallon of hot water and soak in bucket or sink. Scrub with abrasive pad, brush or sponge if necessary. Rinse thoroughly.

First Aid:

In case of skin contact, flush with water and seek medical attention. In case of contact with eyes, flush with large quantities of water, holding eyelids open. Seek medical attention immediately. If swallowed, drink quantities of water, but DO NOT induce vomiting. Seek medical attention. If inhaled, get to fresh air. Seek medical attention if irritation persists.

Storage:

Keep container tightly closed in a dry and well-ventilated place. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials and food and drink. Use appropriate containment to avoid environmental contamination.
